Dealing with dinos?

Dinosaurs and prehistoric creatures are always a hit in any environment. We've created dozens of realistic and caricatured dinosaurs for theme parks, museums, and other attractions throughout the world. We can build anything from the tiniest, newly hatched baby Velociraptor to a twenty-foot tall T-Rex and anything in between. Many of our dinosaur creations are made for up-close-and-personal experiences in an educational setting, while others provide terrific thrills in themed attractions. Wherever they're used, our exceptional detail and remarkable accuracy make our dinosaurs and prehistoric animals seem like they just walked out of the past!
