**Show Action Systems**

for shows, attractions,  
& meaningful experiences

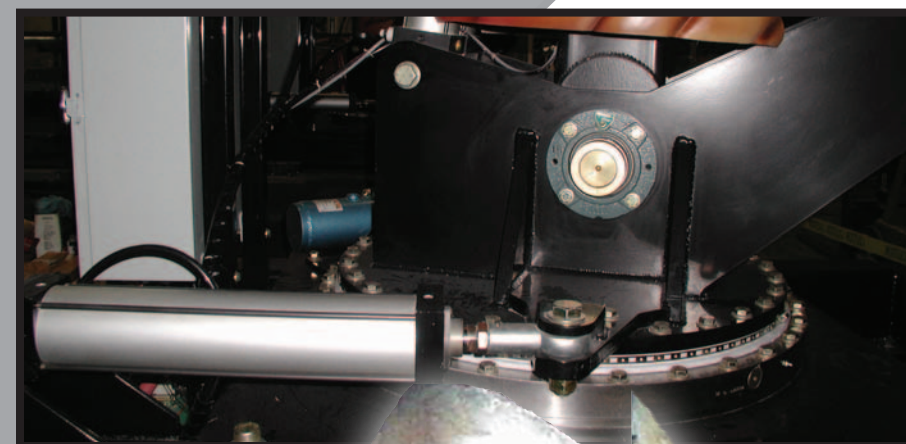

**Garner Holt Productions, Inc.** creates the finest animatronics, show action systems, interactive exhibits and special effects in the world today. Our technological savvy, exceptional artistry and attention to detail is apparent in everything we make. Whether your goal is to educate, entertain or inform, whether you need a single animated figure or a total immersive environment, you can be sure that we will meet your expectations.

## Need something to move you?

Show action equipment works behind the scenes to create repeatable, realistic motion in theme park attractions, theater productions, museums, casinos, retail, and corporate centers. We've built hundreds of intricate mechanical devices to lift, rotate, and activate everything from tiny moving targets on an interactive dark ride to one of the world's largest animatronic figures in a blockbuster theater show. Whether large or small, if you need it to shake, spin, rise, or drop, our show action systems can make it happen.

- Lifts, turntables, & linear action
- Design, fabrication, & installation
- Any size, from miniscule to monumental
